# MY STORY

---

In the belief that I can be an asset to your firm, please allow me to elaborate on my profile.

Commercial-, corporate- and hospitality design are industries I've gained experience in over the past 10 years. I've developed business cases, budgets, and design concepts that have been approved by top management/ clients and executed. I have maintained relationships with both internal and external partners to finalize projects regardless of the magnitude.

In the past, I've worked for D'ieteren, Belgium's largest car import firm, where I designed showrooms for Volkswagen, Audi, Skoda and Seat, based on their brand guidelines and redesigned the offices of the Building Design and Development department for their Brussels HQ. Another accomplishment I can be proud of is the conceptualization, design and implementation of the award-winning Brussels Airlines business lounges at Brussels Airport, a new Social Media room, Crew room, Restaurant, Lobby, and offices in 17 outstations in Africa.

I worked as the Coordinator of the Interior Design and Furniture department at BASF, Antwerp BE where I was responsible for the execution of the interior design projects and furniture catalogs, progress optimizing and digitalizing workflows, as well as management of interior designers and technicians. I founded my own art studio ArtsByEvlynn with which I have been invited to exhibit at galleries in Belgium, Italy, and the U.S and collaborate with non-profit organizations in the community to raise funds and awareness for trauma recovery and mental health.

As the Lead Interior designer at OWT Architects I oversaw the Interior Design department, worked on business, marketing, and social media development, mentored junior designers, built rapport with clients, and designed for projects. With Waldrop+Nichols I was a Sr. Interior designer contributing to numerous projects with my broad skillset. From conceptual design, space planning, FF&E, presentation development, graphic design, art development, construction documentation, and client and 3rd party relationships.

In my work, I combine a European design style mixed with American influences and my business perspectives. Other positive sides to my profile are my efficient time management, mentorship, my ability to find creative solutions for problems and prioritize. I follow the latest trends and developments within the design industry with great interest and passion.

I look forward to explaining more about my profile and career goals.

---

Evelyne Dieu

February 2, 2024

To Whom It May Concern,

It is my pleasure to recommend Evelyne Dieu for employment. Evelyne was employed by waldrop+nichols studio from May 9, 2022, to January 31, 2024.

During Evelyne's tenure with w+n she helped produce interior design construction documents in both Revit and AutoCAD for hospitality projects, including guestrooms and public areas.

Evelyne's talent as an artist was an asset to the firm. She hand sketched custom carpet and artwork designs and her skills in InDesign, Illustrator and Photoshop allowed her to produce high quality graphic presentations for the firm's clients, including custom brand logos.

Evelyne is a loyal, dedicated and enthusiastic team member with an extremely positive attitude. She managed the communication and organization with outsourced rendering and documentation consultants and was exceptionally efficient and organized.

Evelyne assisted Senior Interior Designers with FF+E and Material Reference specifications for large hospitality projects utilizing DesignSpec software.

Evelyne will be an asset to any firm seeking her employment and I vouch for her character, exceptional work ethic and proficient graphic skills. In addition, she is a solid communicator and loyal employee.

If there are further questions requiring additional feedback, I would be happy to answer them on Evelyne's behalf.

Sincerely,

A handwritten signature in black ink that reads "A Waldrop". The signature is written in a cursive, flowing style.

Andrea Waldrop

To whom it may concern,

I am pleased to provide this letter of recommendation for Evelyne Dieu who worked at OWT Architects for seven months. In her role as Lead Interior Designer, Evelyne exhibited strong communication skills, creativity, and effective leadership skills. She possesses keen insight for management and exhibits a genuine concern for the organization. Evelyne always has a positive attitude and gets along well with coworkers. Evelyne has been an asset to OWT as she is highly motivated and willing to explore ideas for projects. She is always willing to help the project team even if it is necessary for her to step outside what some may deem her realm of responsibility. She is great with clients and builds a rapport with them.

Evelyne will be missed, and I strongly recommend her to any prospective employer.

Sincerely,

Andrew Oxley AIA, LEED AP  
Oxley Williams Tharp Architects, PLLC.

Tanguy Cartuyvels  
VP Marketing & Customer experience  
Brussels Airlines

Dear,

I am writing to recommend Evelyne Dieu as Interior Architect. I had the pleasure of working with her directly during her career as Brussels Airlines' Interior Architect and her abilities always ceased to live up to my expectations. I was Evelyne's Vice President within the Marketing Department, which gave me the opportunity to witness her deliverables first hand.

Evelyne developed clear technical plans, concept designs and renderings and did a great job on the Brussels Airlines business lounges. She fully understood the needs of our guests during their time spent in our lounges and translated these into a new design. Our guests are pleased to now enjoy amazing lounges presented by Brussels Airlines at Brussels Airport.

Evelyne's good connection with the team internally contributed to the development of very top-end projects, really supporting the Brussels Airlines strategy. The results she reached were really on expectation and I truly believe she can also be a great asset for other industries.

With her abilities, adaptability and dedication, I am confident that Evelyne will make a great addition to your team. If you have any questions, please feel free to contact me at the above address.

Sincerely,

Tanguy Cartuyvels
